Understanding Hospice And Palliative Care -
The Gift Wrapped In Letting Go

Radio

Live Staff Training  1 Hour
Family Caregivers & General Public  1 Hour

**Program Description –**
We will interview an expert in the field of Palliative and Hospice Care to highlight services available, criteria needed to be met, along with family and patient stories of struggles and triumphs on delivering patient centered care during times of palliative and hospice care.

**Objectives –**
- Define the difference of hospice and palliative care
- Discuss the philosophies of letting go gracefully
- Learn how and when this approach is beneficial
- How to position patient centered care with Palliative and hospice care for both resident and family.
