Supportive Care Models-
Memory Cafés & Family Councils: What Are They And How Do They work?

Webinar

Live Staff Training  1 Hour
Family Caregivers & General Public  1 Hour

**Program Description –**
This program will introduce the Memory Café Concept in a variety of formats around the world. We will also discuss various Family Council models and how both of these can help shift your dementia care culture to being patient centered. We will openly discuss what’s working and what isn’t. What’s needed and what’s not. Staff will walk away with a new ideas and tools to make your Care Team not just code compliant; but interactive, fun, and productive.

**Objectives –**
- Understand what a Memory Café is or can be
- Learn basic principles to setting up a Memory Café
- Learn what motivates people to get involved.
- Strategies to make your Family Council different and engaging.
- Building Community through Unity™ to enhance patient centered care.
